Blake,

Tuesday is fine with me. I am open as far as a time. Let me know when. I would like to be out of here by 3:30 though.

Hey All,

I'm the one requesting that we get moving on this. We have plans to do a walk through on Feb 28 and 29 with ERT and REAC. The current TDEC access is good enough for a walk through but not good enough for an EPA lead removal assessment. We need to have a clear 'access' path forward on this soon so ERT and REAC can get started on the Removal Assessment ASAP after that date or at least a projected schedule on when it is we will have access. I can meet with Greg and Blake this week also. Note Thursday Am is no good for me either and Wed at 2:00pm will not work either for me. Let's not forget the adjacent properties to the deceased's parcel as well.

Thanks,

Loften
